

Detailed Contents of Volume II: Morphological, Syntactic, and Typological Change

<i>Preface</i>	xii
<i>Dating and Other Conventions</i>	xv
<i>Abbreviations</i>	xvii
<i>Bibliographical Abbreviations</i>	xxix
Introduction	1
Language and change	1
Plan of the book	5
1. Word-Order Typology: Core Data	12
1.1 Introduction	12
1.2 Basic word-order types	13
1.3 Properties of a consistent head-final language (Japanese)	14
1.4 SVO properties (French)	16
1.5 Properties of a developing VSO language (Old Irish)	17
1.6 Adpositions	21
1.7 Complement and relative clauses	22
1.8 Adjectives and genitives	26
1.9 Determiners and numerals	27
1.10 Lexical and functional phrases	29
1.11 The order of agreement elements	31
1.12 Conclusion	32
2. Word Order in Theory and Change	33
2.1 Accounts of linearization	33
2.2 Antisymmetry and parameters of movement	36
2.3 Tense and aspect morphology and syntax	39
2.4 Typology and Ethiopian Semitic languages	41
2.5 Germanic typology	43
2.6 The XV to VX shift in Germanic	48
2.7 History of the English genitive	53
2.8 The phrasal genitive	56
2.9 Inflection, acquisition, and typology	59

2.10 Word-order change	61
2.11 Conclusion	64
3. Grammaticalization	67
3.1 Introduction	67
3.2 A universal grammaticalization cline?	70
3.3 Unidirectionality and exceptions to the cline	71
3.4 Grammaticalization in a morphologically complex language	75
3.5 English <i>gonna</i>	76
3.6 French adverbs in <i>-ment</i>	80
3.7 The Romance future	82
3.8 Formal accounts of grammaticalization	87
3.8.1 Formal hypotheses	87
3.8.2 Prepositions, complementizers, and discourse adjuncts	91
3.8.2.1 <i>After</i>	91
3.8.2.2 <i>Like</i>	93
3.8.3 Reanalysis of specifiers as heads	94
3.8.3.1 English <i>whether</i> and Latin <i>utrum</i>	95
3.8.3.2 Middle Welsh pronoun to complementizer reanalysis	96
3.9 Conclusion	98
4. Morphological Change	102
4.1 Introduction	102
4.2 The origin and diffusion of English 3sg. <i>-s</i>	103
4.2.1 The Scandinavian hypotheses	103
4.2.2 The distributional facts and paradigmatic generalizations	104
4.2.3 An account of the distribution	105
4.2.4 Conclusion	107
4.3 English deadjectival <i>-en</i>	108
4.3.1 Derivation	108
4.3.2 History of <i>-en</i>	110
4.3.3 Non-deadjectival <i>-en</i>	113
4.3.4 Constraints on <i>-en</i> affixation	114
4.3.5 Deadjectival <i>-en</i> : constraint evolution and maintenance	115
4.4 Conclusion	119
5. The Feminine Gender in Indo-European	122
5.1 The role of postulates	122
5.2 Gender systems	124
5.3 Reconstruction of the Proto-Indo-Hittite gender system	126

5.4 IE residues of the archaic system	129
5.5 Development of feminine concord	130
5.6 Creation of the feminine gender	132
5.7 Spread of the feminine gender	134
5.8 Conclusion	135
6. Phrase Structure and Verb Classes	137
6.1 Phrase and sentence structure: brief history	137
6.2 Lexical and functional phrases	139
6.3 Aspect as a functional head	140
6.4 Some functions of CP	142
6.5 The split-VP hypothesis	143
6.5.1 Big VP and little vP	143
6.5.2 vP as a phase	144
6.6 Cause	146
6.7 Intransitive verbs	149
6.8 Morphological tests for the unergative/unaccusative contrast	151
6.9 The ergative alternation	152
6.10 Passive and ergative contrasted	154
6.11 The middle voice	156
6.12 Impersonal constructions	159
6.13 Conclusion	161
7. The Mediopassive: Latin to Romance	163
7.1 Introduction	163
7.2 The Latin mediopassive	163
7.3 Replacement of -r forms by sē	174
7.3.1 Ergative verbs	174
7.3.2 Other unaccusatives	178
7.3.3 Inherent reflexives	179
7.4 Verbs of motion and change of state	179
7.5 Affective unaccusatives	181
7.6 Victory of sē and telicity	182
7.7 Indirect reflexive	183
7.8 Middle	184
7.9 Passive	185
7.10 Impersonal passive	186
7.11 Conclusion	186

8. The History of English DO	190
8.1 Introduction	190
8.2 Varieties of <i>do</i>	191
8.3 Causative <i>do</i> , surface ambiguities, and reanalysis	192
8.4 Language acquisition and/or contact?	195
8.5 Functional development of <i>Pdo</i>	197
8.6 The syntactic position of <i>Pdo</i>	202
8.7 Changes in <i>Pdo</i> from c16 to c17	205
8.8 The second reanalysis: interrogative <i>do</i>	207
8.9 Reanalysis to higher sentential categories	210
8.9.1 Changes in negation and other structures	210
8.9.2 Loss of V-to-I movement	213
8.9.3 Imperative structures	216
8.10 V2 and an elaborated CP	217
8.11 Motivations for and effects of the reanalysis of <i>Pdo</i> to T/M	220
8.12 The relevant higher sentential categories	222
8.13 Conclusion	225
8.14 Appendix: Chronology of changes involving <i>Pdo</i>	227
9. Syntactic Change	230
9.1 Introduction	230
9.2 Loss of subject raising in West Greenlandic factive complements	231
9.3 From relative pronoun to complementizer	235
9.3.1 Gothic complementizers	235
9.3.2 Latin <i>quod</i>	238
9.4 Copular deontics in Latin and English	242
9.4.1 The deontic gerundial in Latin	243
9.4.2 The Old English deontic infinitive with BE	245
9.4.2.1 The deontic infinitive with NP movement	247
9.4.2.2 The deontic infinitive with wh-movement	248
9.4.2.3 Historical overview of the English deontic infinitive	251
9.5 Preposition doubling	253
9.6 On the origins of ergativity	256
9.6.1 Ergativity	257
9.6.2 Perfect passive and split ergativity: Iranian	258
9.6.3 Nominals and ergativity: Eskimo-Aleut	261
9.7 Conclusion	265

10. The Development of Creole Categories	267
10.1 Introduction	267
10.2 Hypotheses about creole development	268
10.3 General properties of creoles	270
10.4 Tense/Mood/Aspect	273
10.5 Derivation by affixation	278
10.6 Reduplication as a derivational process	280
10.7 Compounding and derivational affixes from compounds	283
10.8 Fixing of word order	287
10.9 Passivization	288
10.10 Embedded clauses	290
10.11 Non-finite clauses	293
10.12 Conclusion	296
<i>Special Phonetic Symbols</i>	299
<i>Primary Sources: Texts and Editions</i>	304
<i>Consolidated References for Volumes I and II</i>	311
<i>Language Index</i>	407
<i>Subject Index</i>	416
