

Contents

- CHAPTER 1 Approaching Political Ecology: Society, Nature, and Scale 1
in Human–Environment Studies
Karl S. Zimmerer and Thomas J. Bassett

PART I Protected Areas and Conservation

- CHAPTER 2 Balancing Conservation with Development in Marine- 29
Dependent Communities: Is Ecotourism an Empty Promise?
Emily H. Young
- CHAPTER 3 Strategies for Authenticity and Space in the Maya Biosphere 50
Reserve, Petén, Guatemala
Juanita Sundberg

PART II Urban and Industrial Environments

- CHAPTER 4 Toward a Political Ecology of Urban Environmental Risk: 73
The Case of Guyana
Mark Pelling
- CHAPTER 5 Modernity and the Production of the Spanish Waterscape, 94
1890–1930
Erik Swyngedouw

PART III Ecological Analysis and Theory in Resource Management and Conservation

- CHAPTER 6 The Ivorian Savanna: Global Narratives and Local Knowledge 115
of Environmental Change
Thomas J. Bassett and Koli Bi Zuéli

CHAPTER 7	Environmental Zonation and Mountain Agriculture in Peru and Bolivia: Socioenvironmental Dynamics of Overlapping Patchworks and Agrobiodiversity Conservation <i>Karl S. Zimmerer</i>	137
CHAPTER 8	Environmental Science and Social Causation in the Analysis of Sahelian Pastoralism <i>Matthew Turner</i>	159

PART IV Geospatial Technologies and Knowledges

CHAPTER 9	Fixed Categories in a Portable Landscape: The Causes and Consequences of Land Cover Categorization <i>Paul Robbins</i>	181
CHAPTER 10	GIS Representations of Nature, Political Ecology, and the Study of Land Use and Land Cover Change in South Africa <i>Brent McCusker and Daniel Weiner</i>	201

PART V North-South Environmental Histories

CHAPTER 11	Material-Conceptual Landscape Transformation and the Emergence of the Pristine Myth in Early Colonial Mexico <i>Andrew Sluyter</i>	221
CHAPTER 12	The Production of Nature: Colonial Recasting of the African Landscape in Serengeti National Park <i>Roderick P. Neumann</i>	240
CHAPTER 13	Agroenvironments and Slave Strategies in the Diffusion of Rice Culture to the Americas <i>Judith Carney</i>	256
CHAPTER 14	Future Directions in Political Ecology: Nature-Society Fusions and Scales of Interaction <i>Karl S. Zimmerer and Thomas J. Bassett</i>	274
