Introduction

Chapter 1
What is service design? 01

Some definitions of service design 02
History of service design 04
Some types of services 10
Related design movements 13
Service design addresses human needs 14
Components of services 16
Percentage of us workers in services 18
Customer insights 19
Percentage of US workforce by decade 20
What differentiates services 21
Why do service design 22
Service touchpoints 23
Largest US employer trends 24
The growth of the service economy 25
Growth of services during economic development 26
Postindustrial economies 27
What is Design Thinking 28
Design Research
- Primary Research 34
- Secondary Research 35
- Quantitative Research 36
- Quantitative Research 37

Core attributes of design thinking 38
Process of service design 39

Chapter 2
Service design methods
Define the intent 41

Activity map 42
Anthropump 44
Autoethnography 45
Behavioral map 46
Benchmarking 48
Benefits map 50
Boundary shifting 52
Bowman's strategy clock 54
Mind Map 56
Cradle to cradle 58
six thinking hats 59
Context map 60
Critical success factor 62
Critical thinking 64
Deming cycle 66
Future wheel 68
Mood board 70
Problem tree 72
Objectives tree 74
Reframing matrix 76

Chapter 3
Service design methods
Frameworks 79

a(x4) 80
aeiou 81
Bringing the outside in 82
Nine dimensions 83
Poems 84
Posta 85
Latch 86

Chapter 4
Service design methods
Know people and context 89

Active listening 90
Activity analysis 91
Actors map 92
Affinity diagram 94
Service blueprint 96
Bodystorming 98
Dramaturgy 99
Empathy 100
Case Studies
- Case studies: clinical 101
- Case studies: historical 102
- Case studies: multi case 103
- Case studies: observational 104
- Case studies: oral history 105
- Case studies: situational 106

Open card sort 107
Closed card sort 108
Cognitive task analysis 109
Collage 110
Communications map 112
Conjoint analysis 114
Cultural inventory 116
Cultural probes 117
Customer experience map 118
Customer experience audit 120
Customer first questions 121
Customer needs matrix 122
Diary study 124
Day experience method 125
Day in the life 126
Desirability testing 128
Digital ethnography 129
Dramaturgy 130
Field experiment 131
Drawing experiences 133
Emotional journey map 134
Empathy map 136
Empathy probes 138
Empathy tools 139
Evaluation matrix 140
Eyetracking 142
Field study 143
Fishbone diagram 144
Force field analysis 146
Fly on the wall 148

contents

Focus groups 150
Client participant 152
Devil's advocate 153
Dual moderator 154
Mini focus group 155
Online focus group 156
Other participant 157
Respondent moderator 158
Structured focus group 159
Teleconference 160
Two way 161
Unstructured 162
Focus troupe 163
Free list 164
Generative research 166
Guerilla ethnography 167
Hawthorne effect 168
Historical method 169
Heuristic evaluation 170
Idiographic approach 171
Cultural immersion 172
Innovation diagnostic 173
Interview methods 174
Interviews contextual inquiry 175
Interviews contextual interviews 176
Interviews contextual laddering 177
Interviews conversation cards 178
Interviews emotion cards 179
Interviews e-mail 180
Interviews extreme user 181
Interviews group 182
Interviews guided storytelling 183
Interviews man on the street 184
Interviews naturalistic 185
Interviews one-on-one 186
Interviews photo elicitation 187
Interviews structured 188
Interviews unstructured 189
Interviews telephone 190
Mobile diary study 191
Longitudinal analysis 192
Mobile ethnography 193
Mind map 194
Method Bank 196
